

Spice up summer recreation with Marine Discovery Center Estuary Explorations!

The Marine Discovery Center’s Estuary Explorations program is a great way to add exciting hands-on science education to your summer recreation programs! The program offers kids the opportunity to explore a 192-acre pristine preserve and gain knowledge and skills through activities such as GPS Eco-Challenges, Team Building Challenges, Seine Netting, Animal Sign Interpretation, Water Quality Testing, and Invasive Species Identification.

Grade Level.....3-12
 Number of Students.....10-70
 Length of Program.....3-4 hours
 Fee.....\$12 per person
