Brenda Mintell, Probation and Parole (DOC)
Pat Bythwood, Volusia County Public Protection Deputy Director
Mark Swanson, Volusia County Public Protection Deputy Director
Zemetria Anderson, Dept. of Juvenile Justice
Stephen Aldrich, Holly Hill Police Department
Nancy Hansen, Volusia County Corrections

I. CALL TO ORDER AND PLEDGE OF ALLEGIANCE

Chief Judge Zambrano called the meeting to order at 3:01 p.m. Everyone stood for the Pledge of allegiance.

II. APPROVAL OF MINUTES

The motion was made to approve the minutes by James Purdy and seconded by John Reid. No additions or changes were recommended.

III. OLD BUSINESS

Substance abuse issues – Dr. Flowers discussed the opiate issue at the jail. There have been 273 opiate related arrests this year alone.

Chief Aldrich had reached out to other police chiefs about Narcan. 70% of them carry Narcan. Small agencies do not carry it, but the Holly Hill fire department responds quickly to calls and they carry it with them.

Nicole Sharbono states that Stewart Marchman Act (SMA) will treat opioid users as long as it's not life threatening. There are 19 detox beds available within their system. These beds are full 99% of the time. SMA contributed a residential bed capacity report to everyone present.

Rhonda Harvey informed everyone that as of June 30, 2018, all the treatment beds will be closed and the inmates will go back to prison or filtered out into the system by the Department of Corrections (DOC).

There is a yearlong waiting list to get into Phoenix House.

IV. NEW BUSINESS

There is no new business.

REPORTS

A. JAIL REPORT – Not presented.

B. CJIS REPORT – Greg Ledet

The RFP responses for the Jail Management Software, Video Visitation, and Inmate Phones have been received. The Technical Selection Committee (TEAC) is currently evaluating the various responses and, due to the volume of information and the number of responses received, we expect the evaluation process to take a number of months.

The zoned cabling network project for Corrections is in progress and is expected to be completed this year. The completion of this project is necessary before any new JMS, video visitation, or inmate phone systems can be installed.

The CJIS group is planning an upgrade and move of the BizTalk hub to virtual servers. Virtual servers are a more efficient use of resources in the data center, save electricity costs, and allow us to easily boost server performance as needed.

The CJIS group is continuing the upgrade to the CJIS Data Portal's WebFocus reporting software. When this process is completed, the county will be able to utilize WebFocus's new functions and features to more easily and clearly display CJIS data to county agencies.

We are assisting in the County's move towards electronically transmitting Juvenile 707 arrest reports through the BizTalk Hub to be delivered to the agencies who need this information.

We would like to note that Suzanne Reinhardt will be retiring at the end of June, and we would like to publicly thank her for her involvement in the CJIS project for more than 10 years.

C. PRETRIAL SERVICES REPORT – Not presented.

PUBLIC SAFETY COORDINATING COUNCIL REPORT
Volusia County Pretrial Services
Reporting Period: May 2018

PRETRIAL ASSESSMENT				
Statistic	Month of May		Current FY 17/18
